PROFESSIONAL SUMMARY

Results-driven Project & Portfolio Manager with 10+ years of international experience across UAE, Italy, and global markets. Expert in IT infrastructure, digital transformation, AI-powered operations, and cross-border business management. Proven record of improving operational efficiency by 70%, reducing project timelines by 50%+, and building complete digital ecosystems — digital identity, web, ERP, and marketing structures — for European companies entering new markets.

KEY ACHIEVEMENTS

- ✓ **10+ Years** of experience exclusively with European companies across UAE, Italy, Asia & Africa
- ✓ **6+ Ventures** digital ecosystems built from scratch — web, branding, ERP & marketing
- ✓ **70%** improvement in operational efficiency through digital integration, process redesign & business management
- ✓ **50%+** reduction in project delivery timelines across multiple international engagements
- ✓ **\$300K** inventory portfolio managed with ERP optimisation, directly increasing revenue

PROFESSIONAL EXPERIENCE

Project / Portfolio Manager

Dec 2023 – Present

AG-Group — Italian Investment Conglomerate | Dubai, UAE & Italy

- Managing a portfolio of investor-led ventures across UAE and Italy: Arts Guerreschi, Agricola Guerreschi, XSTRO S.r.l and VALOR FZE
- Operations & Administration: Planning, scheduling, monitoring and reporting activities across all departments; supporting CEO in managing the full organisation
- IT & Network Management: Administering IT infrastructure, operating systems, servers and cloud environments across the group
- Data & Financial Reporting: Producing cost analysis, financial, profit and cost-benefit reports delivering strategic insight to investors
- AI Integration: Deploying AI tools (ChatGPT, Claude, Gemini) to automate reporting, content workflows and operational processes

Business Developer & General Manager

Oct 2024 – Present

VALOR FZE | Sharjah, UAE

- Opened a new company “Valor” bridging Italian and European companies into the Middle East market
- Jan – Mar 2025 · Market Entry Engagement for Italian Food Trading (Italy): Conducted UAE market analysis, competitor research, buyer persona studies and pricing benchmarking; led in-person sales visits and B2B meetings with UAE distributors and retail buyers; delivered a structured market entry report and go-to-market roadmap adopted by the client
- Delivering end-to-end services: Business and Project management, web design & development, branding, digital identity, SEO and marketing strategy execution
- Supporting clients through full market entry lifecycle — positioning, channel strategy, partnership development and growth tracking
- Leveraging AI tools for content generation, SEO automation, campaign analytics and client reporting

Henry Harvin

Project & Digital Development Manager

Jun 2025 – Present

XSTRO S.r.l | Italy (Remote)

- Leading website, branding and full digital infrastructure development for company launch
- Supporting business setup, investment structuring and early-stage marketing execution

Office Manager / IT Developer / Project Manager

Dec 2023 – Dec 2024

Arts Guerreschi | Dubai, UAE

- Established full company operations in Dubai, managed artists, sales pipeline and administration
- Developed corporate portfolio website, branding and complete digital identity from scratch
- Managed art projects, client exhibitions and operational reporting; handled company closure and compliance

Asst. Office Manager / Project Manager / IT Manager

Dec 2020 – Dec 2023

Global Tex Distribution | Dubai, UAE

- Managed entire IT infrastructure, digital systems and all internal/external projects; handled company opening and closure operations
- Developed company website, led all digital marketing activities and online brand presence
- Full project lifecycle: planning, scheduling, monitoring and reporting across all departments and project types
- Managed office operations, HR functions and cross-functional team coordination

IT Manager & Trainer

Dec 2018 – Dec 2020

Vibemac S.p.A — Vi.Be.MAC MEA (Middle East Subsidiary) | Sharjah, UAE

- Administered IT infrastructure: Synology servers, databases, cloud systems and VBM proprietary platforms
- ERP Administration & Training: Managed ERP across the organisation; developed SOPs, tutorials and trained employees
- IT Support across Asia & Africa branches; produced catalogues, marketing materials and business presentations

IT Engineer / Customer Care

Dec 2015 – Dec 2018

Oubari Gulf FZE (Vibemac Partner) | Sharjah, UAE

- Provided IT and after-sales support, handled customer enquiries, warranty claims and technical requests
- Managed spare parts inventory & warehouse (\$300K stock); implemented ERP-based reorder rules increasing revenue
- Supported all sales and operational activities; maintained full internal IT infrastructure
